 Manaus, Amazonas
 Brazil

Dear Brother Correia:

Since you were in my office I have had further correspondence with Dr. Daniel Walther and the Andrews University, and he returned to me the two documents that you and Brother Conrad Stoehr and Brother Benjamin Mondics obtained on the title, Vicarius Filii Dei. These documents are interesting, and we are happy that you brethren were able to secure them for the church. We have discussed this matter in the meeting of the Officers, and have looked carefully at the documents. We feel the best way to handle these documents is to ask Andrews University to file them in the library vaults. Doubtless it is there that they will be best cared for. We are having photostatic copies made and filed here at the General Conference office too. Thus, our research group can have access to them and the documents will be available for the preparation of photostatic copies in behalf of Andrews University students.

Let me thank you for the good work you did in this connection. I am sure you will agree that the way we have handled this is the best.

I trust you had a good trip back to Brazil, and that you are happy in your work again.

Yesterday morning Benjamin Mondics was laid to rest. He has been very ill, as you no doubt know, for some time. Now he rests from his labors. We certainly will pray for Sister Mondics and her two sons. Brother Mondics made a fine contribution to the cause. The funeral service was in the care of Neal Wilson, President of the Columbia Union. The service was a very nice one.

With a very good wish to you and your family, I remain

Very sincerely yours,

W. R. Beach, Secretary
